Abalone eating contest

9 Jan 2011

It's a prized delicacy eaten mainly on special occasions like wedding banquets and Lunar New Year reunion dinners.

That's why it was a dream come true for the 80 abalone-lovers who took part in an eating competition involving the mollusk.

Together, they devoured nearly \$5,000 worth of abalone in the event organised by food distributor, Shiro Corporation.

Participants had to each gobble down a can of abalone within the shortest time.

And the winner is 34-year-old systems consultant, Phoa Yeo Hiong who took just 1 minute and 20 seconds to wolf down the pricey shellfish before him.

He walked away with prizes including \$300 cash.

The contest was part of the two-day Jade Abalone Festival organised at Compass Point shopping mall in Sengkang.
